

Pose

Pose collection is a serie of round and square pilars. The matte white columns have a thin edge of 10mm and are made of the high quality solid surface material Velluto® biobased.

Because of its noble appearance, Pose collection can effortlessly be used in many styles. Be it at home or in a commercial environment. To give it an individual signature, the complete product can be colored with our Palette finish. Or emphasize only the outside of Pose with our tactile Soft Touch coating.

Creating a luxurious, modest bathroom has never been this easy.

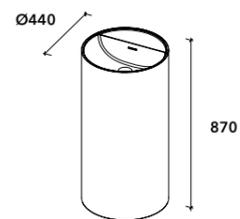

- White Velluto® biobased
- with Palette finish
- with Soft Touch coating
