

# Loop

---

This free-standing egg-shaped bath is all about an elegant play of lines. The overflow is subtly integrated within the tub and the drain plug is in the same material as the bath.

Loop bath is made of Cristalplant, which can easily be combined with the white Hi-Macs of the Not Only White basin collections. Especially designed for the Loop bath, the Loop bath tray hugs the curves of the tub. With one's favourite magazine, candle and drink within easy reach, bathing is more relaxing than ever.
