

Nest

Nest is an elegant, slim-edged countertop washbasin made of white Velluto® biobased. The collection offers a round, square and rectangular model. The round model is also standard available with a silk grey Soft Touch coating.

Depending on the styling of the overall setting, Nest can create a simple and pure feeling. Yet by introducing elements like a marble shelf and copper tapware, Nest can achieve the ultimate classical and luxurious look.

Nest collection is perfectly suitable for residential as well as commercial projects. Especially with our Palette finish and haptic Soft Touch coating unique designs can be created that suit your bathroom design.
